Last nights game against New Albany

Olentangy Liberty's Girls Lacrosse team is having the season of their lives this year with an outstanding record of 15-2, their only losses being Upper Arlington High School, and IMG Academy in Florida. This team has ever had such a successful record. Last night's game against New Albany High School was an all time high for the Liberty Girls Lacrosse program, with an amazing score of 16-12. This was the first time in liberty girls lacrosse history that this team has beaten New Albany. This season the girls lacrosse team has been ranked #1 in the State and #1 in the midwest. This team has the potential to make it far.

Not only do the girls put the

work in on the field, they also have just the same amount of energy from the sidelines. Cheering your teammates on is something that Liberty takes pride in and something they do well. Hearing your teammates cheering you on while you are on the field gives you that extra push to work harder. The girls on and off the field always have a good attitude and try to push each other to the next level.

The schedule has not been easy for this team and it's only going to get harder as they progress through the season and off to the state tournament. Because of their record this team has the potential to make it all the way to state finals if not win.

Personally, joining the girls

lacrosse program was one of the best things that I have done. The environment is so fun and enjoyable and the sport itself not only helps you become a better player but it also provides you with good exercise. Although I am biased because I am a player on the girls lacrosse team I say this with complete honesty, joining the program has not only helped me become a better lacrosse player but it has also helped me become a better person overall. Therefore if you are looking for something to fill your undivided attention with I think this is the idea for you. You should support the team because they have the potential to win big.
